December 16, 2010

To Whom It May Concern,

I am pleased to write this recommendation to be included as part of Mr. Jason Arant's file.

Jason has been under my direct supervision for one and a half years. He is actually teaching 5<sup>th</sup> and 6<sup>th</sup> grade Math. In my judgment, his intelligence is well above average, and he understands both students and the learning process to a degree that is exceptional even among our best teachers.

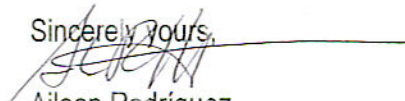

He has excellent verbal facility, enables him to express himself and present topics very well. He has creative imagination that allows him to make classroom work interesting and fun to the students. As I told him once, he has the talent, and a gift, to make the students love his class!!! Jason has the physical energy and drive to do an excellent job, however demanding, in any school setting. His personal characteristics such as patience, consideration, emotional stability, great sense of humor, and good judgment were great assets to the school.

He has participated and coordinated school activities such as Spelling Bee Contest, talent shows, fund raising activities, Promotion Ceremony, Field Day, among others. On the year 2010, he coordinated an educational trip to Texas. With the help of his students and parents, he coordinated fundraising activities to defray the cost of the trip. The trip was a success and the students had many enriching experiences.

There's no doubt in my mind regarding Mr. Arant's ability. He has clearly shown initiative, and intellect necessary to complete a number of educational endeavors, and I am confident he would welcome any challenge that you may assign to him.

If there were any way he could be retained, I would assuredly want to keep him on my staff. I consider him a capable and dedicated Math teacher and an asset to my school. I find it difficult to find young teachers with his teaching talent, ambition, and drive, and I recommend him without reservation. If I can be of further assistance to Jason, please let me know.

Sincerely yours,

  
Aileen Rodriguez  
Elementary School Principal
